Information Society
Technologies

Objective

CoreGRID meets the Industry...

... The Industry meets CoreGRID

Time	Duration	Session	Chairman	Title	Speakers	Organisation
08:30	00:30	Registration				
09:00	00:15	Opening Session	Pierre Guisset	Welcome	Pierre Guisset	CoreGRID
09:15	00:30			EU Grid Technologies Programme - From Vision to Impacts in Industry and Society	Franco Accordino	European Commission
09:45	00:45			CoreGRID, a Network that Works	Thierry Priol	CoreGRID
10:30	00:30			Commercial Exploitation of Grid Technology Products and Services	Colin Blackman Simon Forge	
11:00	00:15	Break				
11:15	00:40	I2 - Knowledge & Data Management	Domenico Talia	A Service-Oriented System to Support Data Integration on Data Grids	Carmela Comito Anastasios Gounaris Rizos Sakellariou Domenico Talia	CoreGRID
11:55	00:35			Security Rationale of Grid Data Management Systems: Security Requirements Analysis, Derivation of Security Policies, and Rationale of Security Services	Alvaro Arenas, Philippe Massonet	CoreGRID
12:30	01:30	Lunch				
14:00	00:10	EC Projects	Thierry Priol	CoreGRID Industrial Fellowship Program	Bruno Le Dantec	CoreGRID
14:10	00:45	Industrial Session		Industrial Keynote	Mike Fisher	BT
14:55	00:40	IAB session	Pierre Guisset	Workflow Interoperability Using GRID Services	Nick Tzannetakis	LMS International
15:35	00:30	I7 - Grid Systems, Tools & Environments	Vladimir Getov	ICGrid: Intensive Care Grid	Demetrios Zeinalipour-Yazti	CoreGRID
16:05	00:40			P-GRADE Grid Portal as a Workflow-level Multi-Grid Application Development and Execution Environment	Peter Kacsuk, Tamas Kiss	CoreGRID
16:45	00:15	Break				
17:00	00:30	Industrial Session	Pierre Guisset	Microsoft Strategy and Tools for HPC and Grid	Ramin Barreto	Microsoft
17:30	00:30			Advances in Hardware and Software HPC Solutions at Sun	Philippe Trautmann	Sun Microsystems
18:00	00:45	PlugTests	Denis Caromel	PlugTests Results Publication	Denis Caromel	CoreGRID
18:45	End of Afternoon Sessions					
19:00	Dinner					

AGENDA Dec 1st

Time	Title	Speakers	Organisation
08:30	NESSI-Grid	Kumardev Chatterjee	Thales
09:15	InteliGrid - Grid Technology for the AEC Industry	Matevz Dolenc	University of Ljubljana
09:45	A typical Enterprise Grid: Characteristics and Challenges	Monica Marinucci, Graeme Kerr	Oracle
10:15	SLA Management and Reputation in a Dynamic Virtual Organisation.	Ignacio Soler	Atos Origin
10:45	Break		
11:00	Advance Reservation of Compute and Networking Resources in the Grid with QoS Guarantees for MPI-applications	Ariel Oleksiak, Philipp Wieder, Ramin Yahyapour, Wolfgang Ziegler	CoreGRID
12:00	Reliability in Production Grid Environments Achieved by Multi-level Checkpointing	Gracjan Jankowski, Radek Januszewski	CoreGRID
12:30	Lunch		
14:00	Platform EGO Boosting EU-Grid Technology Exploitation	Bernhard Schott	Platform Computing
14:30	HP Adaptive Infrastructure: Virtualization Techniques for Grid	Francois Donze	Hewlett-Packard
15:00	Component Based Grid Programming the GCM Way	Francoise Baude, Denis Caromel, Marco Danelutto, Vladimir Getov, Ludovic Henrio, Matthieu Morel, Nikos Parlavantzas	CoreGRID
15:30	QUAKE: A Tool for Dependability Benchmarking of Grid Services	Nuno Rodrigues, Decio Sousa	CoreGRID
16:20	Applying Decentralized Algorithms in Peer-to-peer Networks	Yves Jaradin, Boris Mejias, Peter Van Roy	CoreGRID
16:40	Closing Remarks	Thierry Priol	CoreGRID
