

CoreGRID Industrial Conference Industrial Fellowship Programme

Bruno Le Dantec
GEIE ERCIM

<http://www.ercim.org>
Bruno.le_dantec@ercim.org

Running Programme

Goal

- Promote integration and human capital: Fellows work in research groups involved in CoreGRID activities
- Fellows to be hosted by one or two CoreGRID research Institutes
 - 18-month in 2 CoreGRID institutes
 - 12-month in 1 CoreGRID institute + 2 shorts visits in 2 Coregrid Members
- Budget : 800k

Results

- **4 Calls since September 2004**
 - 25 proposals received and reviewed
 - 67 applications received, 14 fellows selected
 - Last call launched in March 2006: open call
 - At least 20 Fellows are expected

- **Area covered**
 - All scientific domains of the CoreGRID Institutes

☞ **22 CoreGRID partners participate**

2nd CoreGRID Review

- **Results**
 - Excellence ☺ achieved
 - Integration & structuring ☺ achieved
 - Spreading and visibility ☺ achieved
 - Sustainability ☺ in progress
 - Industrial links ☹ to be improved
- **CoreGRID will**
 - Improve the links both to potential technology suppliers and end-users of GRID technology
 - Develop relationships and shared agendas for knowledge transfer

Fellowship Programme & Industry (FPI)

- **New scheme**
 - **Creation of opportunities for Industrial collaboration**
 - **Encourage technology transfer**
 - **Part of the CoreGRID sustainability schema**
 - **12 month shared in one CoreGRID institute and one industrial company**
 - **Unique training programme for the two periods**
 - **Extremely flexible**
- **Provisionnal budget : 140k**
- **Number of fellowships: at least 4**
- **Industrial participation: 25% of total costs**

Research Exchange programme

Another Option to better address Industrial needs ?

Goal and modalities

- The REP is designed to encourage and fund collaborative research between CoreGRID members
- 2 weeks to 6 months Scientific visits and research stays between members of different CoreGRID institutions;

Purpose of the Exchange:

- A joint proposal - visitor and hosting institutions- describes the foreseen activity and impact on integration;
- A common report of results achieved (publishable technical report required for visits of more than 2 months).
