

BIOGRAPHY

Philippe Rohou, CoreGRID Administrative and Financial Co-ordinator

Philippe Rohou was born in 1956 in Brest, France.

He obtained his MSc in Mathematics and Statistics at Paris University.

After spending 6 years in Northern Ireland as a systems analyst with Dupont de Nemours, he joined Digital Equipment Corporation in the South of France where he spent 14 years managing projects, programmes, consulting groups and the company's European customer briefing centre.

Completing his corporate experience with a 5 years spell as general manager of a small events company, Philippe then created his own enterprise in 2004 offering corporate events and golf circuits on the French Riviera, before joining ERCIM as a European project coordinator in August 2006.

In his current role, Philippe brings expertise in the areas of European project management (coordinator of DELOS NoE and Net-WMS STREP), FP7 proposal building, and dissemination activities.

In November 2007, he took over from Bruno Le Dantec as financial and administrative coordinator of the CoreGRID Network of Excellence.
